## Computers & Chemical Engineering Most Cited Articles, 2010-2012

Awarded to:

**B. Bao, D.K.S. Ng, D.H.S. Tay, A. Jimenez-Gutierrez,  
M.M. El-Halwagi**

For the paper:

“A shortcut method for the preliminary synthesis of process-technology pathways:  
An optimization approach and application for the conceptual design of integrated  
biorefineries”

This paper was published in Volume 35 (2011)
